	1	9/17/15	Denied	Insufficient justification
GBC	1	2015	Denied	Director of Environmental. Health, Safety & Security reviews each request with the President to look at the specific circumstances of each request. This request was general in nature regarding an ex-husband, no specific threat was present and no restraining order was issued by the court. Request was denied with the compromise that employee could have their concealed weapon locked in their vehicle while parking on a city street that is directly outside the building employee worked in.
GBC	1	2016	Denied	Director of Environmental. Health, Safety & Security reviews each request with the President to look at the specific circumstances of each request. This request from a student was denied, because he based it on verbally reporting a crime which he refused to file with campus security or Elko City Police. No one around the area of the reported incident witnessed any portion of what he reported nor did anyone see the vehicle he claimed was in the area. The student failed to request permission prior to bringing the weapon on campus in his vehicle and bragging about it to his fellow students.
GBC	1	2014	Approved	Employee requested permission to bring a black powder rifle onto campus as part of a reenactment he was doing for the history department. Employee was not bringing black powder, cap or ball to the classroom just the rifle.
GBC	1	2014 and re-approved each year	Approved	Employee requested permission to bring her weapon to campus secured inside her vehicle because of specific threats made to her and about her during the course of her normal duties as the Director of Security for GBC. Employee has received training on the use of the weapon and the legal issues associated with the use of a weapon. Employee has a current, valid Nevada CCW permit. Employee was authorized to have her weapon on her person during specific instances dealing with specific students or staff when pre-arranged with the President.
